## **4. GENERAL RULES:**

### **CANCELLATION -**

If insurance is cancelled or reduced at the request of the company or the insured, the earned premium shall be computed on a pro-rata basis.

### **COVERAGES - OTHER PROGRAMS -**

It is permissible to attach any filed form offering supplemental coverage not included in this section. The appropriate rates are to be used.

### **DEFERRED PREMIUM PAYMENT PLAN -**

It is permissible to write a policy for three years with the premium payable annually.

If the premium is paid annually, the installment premium shall be the annual premium as shown in the manual.

### **INSURANCE BY MORE THAN ONE COMPANY – (SF-128)**

When coverage is divided between two or more companies, this form designates the percentage of the total insurance provided by this policy. This policy will pay only that percentage of any covered loss, not to exceed the applicable amount of insurance shown in the Declarations.

### **INTERPOLATION -**

To determine the premium for an amount of insurance between two amounts shown in the manual, add the pro-rata premium for the difference between the nearest amounts shown to the premium for the lower amount.

## **MAXIMUM & MINIMUM CHARGES -**

No additional premium shall be charged, and no return premium shall be allowed when such additional or return premium is less than \$5.00.

<b>Occupancy</b>	<b>Minimum Premium</b>
Apartment	\$350
Mercantile – Food & Dining	\$500
Mercantile – All other	\$350
Office	\$350
Service	\$350
House of Worship	\$350
Hotel/Motel	\$350

Minimum Retained Premium	\$100
--------------------------	-------

## **RATE REVISIONS -**

After the Underwriters Rating Board announces a rate revision, each individual company choosing to adopt the revision, shall determine the effective date(s) for:

- 1) new policies, and
- 2) renewal policies.

## **RESTRICTION OF INDIVIDUAL POLICY -**

If a policy would not be issued because of unusual exposures, the applicant may request a restriction of the policy at no reduction in the premium. The request, bearing the signature of the applicant, shall be referred to the Company.

## **TERRORISM RISK INSURANCE ACT -**

The Terrorism Risk Insurance Act, as amended, is a program established by the federal government where the government will share the risk of loss from terrorism as specified in the Act. Insurers providing commercial insurance are required to make coverage available for certified acts of terrorism. Refer to the Company for the Company's procedure to comply with the Terrorism Risk Insurance Act.

## **WHOLE DOLLAR PREMIUM -**

The premium for each exposure shall be rounded to the nearest dollar, separately for each coverage provided by the policy.

A premium involving 50 cents or over shall be rounded to the next higher dollar.

## **5. RATING:**

All premiums in this manual are ANNUAL per \$1,000 of Insurance unless otherwise specified.

3. Determine premium for Coverage L.
4. Calculate premiums for optional property coverages. (Apply deductible factor, if applicable.)
5. Calculate premiums for optional liability coverages.

  - b. Coverage B-Business Property;
  - c. Incidental Coverages (in SF-20); and
  - d. All additional property coverages added by endorsement, unless otherwise stated.
- If more than one deductible can apply to a loss, then the higher applicable deductible will apply.

Please note:

For Forms SF-311S, SF-311D and SMIC-SF-311P:

A \$500 deductible applies to the property coverages contained in the BOP form (SF-311S, SF-311D or SMIC-SF-311P, whichever is applicable).

When increasing the amounts of insurance for property coverages that are included within the applicable BOP form (SF-311S, SF-311D or SMIC-SF-311P), no deductible factor should apply to the premiums for the increased coverages, since a \$500 deductible would apply.

For ‘BOP buy-up endorsements’:

Endorsements that can be added to a Standard and/or Deluxe BOP to add a coverage that is included within a Premier BOP are referred to as ‘BOP buy-up endorsements’.

When adding a ‘BOP buy-up endorsement’ to a Standard or Deluxe BOP, no deductible factor should apply to the premiums for these coverages, since a \$500 deductible would apply (unless otherwise stated).

When a deductible can be increased or decreased, use the table below to determine the applicable deductible factor.

<b>Deductible</b>	<b>Factor</b>
<b>250</b>	<b>1.08</b>

## **TENANT'S IMPROVEMENTS AND BETTERMENTS SPECIAL LIMITATIONS (SF-135) –**

Coverage for Tenant Improvement and Betterments (Tenant I&B) is LIMITED to the amount of insurance shown in the schedule.

The amount of insurance shown in the schedule is:

1. Included in, and not in addition to, the amount in the Declarations for Coverage B; and
2. The only amount available for Tenant's Improvements and Betterments.

**Rate the amount of insurance for Tenant Improvements and Betterments using the applicable building rate (\*RC or ACV).**

**\*Use the RC rate when –**

- Coverage B is RC, or
- Coverage B is ACV, but Tenant I&B are RC (attach SF-16 - see below).

Please note: The amount of insurance on the SF-135 should be included in the Coverage B amount of insurance. However, Coverage B should be rated using the coverage B amount of insurance less the SF-135 amount of insurance.

Example:

Coverage:	Amount of Insurance:
Cov A (Building)	\$0
Cov B (Business Property)	\$100,000 (Includes \$25,000 of Tenant I&B)

The SF-135 is used to limit the Tenant I&B coverage to \$25,000.

To rate Coverage B, rate \$75,000 using the business property rate (although the Cov B amount of insurance is listed as \$100,000 on the Dec.)

To rate the \$25,000 of Tenant I&B (SF-135), use the building rate.

## **TENANT'S IMPROVEMENTS AND BETTERMENTS (REPLACEMENT COST) (SF-16) –**

Revises the settlement for Tenant's Improvements and Betterments to be Replacement Cost.

Note: Use form SF-16 when Coverage B is ACV, but the insured wants Tenant I&B to be RC.

Do not use form SF-16 when Coverage B is RC since the Tenant I&B would already be RC.
